AMERICAN NOTE PRODUCES PROFOUND IMPRESSION IN VIENNA

EXPECT INDEMNITY PAYMENT

Minority is Said to Resent Note, But Belief Prevails Satisfaction Will Be Given

By Associated Press

Geneva Dec 15—A dispatch from Vienna by way of Switzerland states that President Wilson's note to Austria, regarding the Ancona incident has produced a profound impression in government and political circles The note is said to be resented by a minority.

It is generally believed in Vienna says the dispatch that Austria will give satisfaction and will pay an indemnity, especially as she has large interests in America

The Austrian premier has called a special council to discuss the matter

SEES HINTED THREAT" IN AMERICAN NOTE

By Associated Press

Berlin Dec 1 —Count Ernst Von Rezentlow in an article published here today says that the note sent by the Washington government to Austria regarding the Ancona case is characterized by a tone of curt command and hinted threat The count states that he regards the statements in the note of circumstances of the case as contradictory He sees a contradiction particularly in the fact that the note alleges the Ancona tried to escape because the submarine fired upon her whereas a few sentences later it says the ship apparently neither offered resistance or attempted to escape The explanation of this, he declares, is that the note is political

FREIGHT SITUATION IN FRANCE IS CRITICAL

By Associated Press

Paris Dec 15—Discussing the scarcity of freight cars the Temps asserts the disposition of rolling stock is managed poorly and that cars frequently are lying idle in one part of the country while the most urgent need for them exists in another part One train it says stood idle for a full year at Cognac As an example the paper says that of 7 000 tons of hay brought from Galveston on August 28th 1000 tons still lie on the wharf at La Pallice

WAR FURNISHING MARKET FOR MUCH WASTE MATERIAL

Substitutes For Standard Articles Found in This Country and Much Waste Reclaimed

By Associated Press

New York Dec 1 —The war has sent the prices of waste material soaring to such a height that this country has almost been swept bare of such products, according to reports received by the National Association of Waste Material Dealers at its quarterly session here Louis Pirkenstein president of the association told the members that the process of reclamation of waste here is a continuation of what apparently is being done in Germany He continued

The demand for cotton for explosives and for cotton batting and linters has resulted in reclamation work in cotton waste products, which has made it possible to substitute many of these for the standard products The reclaiming of wool, jute and other fibres and materials for uses not obtaining in the past, is going on steadily

ESTIMATES WAR COSTING EIGHTY MILLIONS DAILY

German Official Says Allies Proportion is Nearly Two Thirds of This

By Associated Press

Berlin Dec 1 Dr Karl Helfferich secretary of the imperial treasury in his speech yesterday in the Reichstag in support of the bill for a supplementary war credit of ten billion marks ($ 2 000 000 000) denied assertions made by newspapers in foreign countries that the success of the German war loan was fictitious and that possibly only by the loans of subscribers through the war credit banks He stated that the total loans made by these institutions was 10 000 000 000 marks ($2 500 000 000) as compared with over 60 000 000 000 ($15 000 000 000) in subscriptions

Referring to his estimate in August that the total cost of the war to all the belligerents was almost 300 000 000 marks daily the secretary said that this amount could now be estimated at from 400 000 000 to 500 000 000 marks This would make a yearly cost of almost 150 000 000 000 marks he said and that almost two thirds of this was shouldered by the entente allies and a little over a third by Germany and her allies

Dr Helfferich declared that Great Britain had underestimated the cost of the war badly He asserted that a statement by Sir Edward Grey at the outbreak of the war that the conflict would impose hardly greater sacrifices on Great Britain if she participated than if she remained neutral would scarcely be repeated now

He said responsibility for the blood which will flow from now on for the misery which comes upon the world for dangers to which civilization is exposed falls not upon Germany but upon those who in their foolish and criminal illusion speak of the partition of Germany and of a war of exhaustion

FRENCH WITHDRAW FROM SERBIA WITHOUT TROUBLE

Retreat Skillfully Conducted, But British Encounter More Difficulty

By Associated Press

Saloniki Dec 1 —An eye witness reports that the retirement of the French to their temporary positions in Greece near the Serbian border was conducted with great skill All the wounded were brought in except a few who could not be moved The guns were piled on long trains of freight cars on which the last remaining inhabitants of the evacuated towns departed

The French rear guards were constantly in touch with the Bulgarians as they crossed the border, but held them in check giving the main forces plenty of time to establish positions Injuries among the French were slight

The British retirement from the Doiran section proved to be difficult There was sharp fighting in the Strumitsa region, but no guns were lost The British burned villages after they fell back and destroyed bridges

At Saloniki the harbor is crowded with huge transports loaded with reinforcements Freight steamers are disembarking munitions and stores The transfer of Greek troops from the neighborhood has begun.

FEW MEN ARE LOST BY ALLIES IN RETIREMENT

By Associated Press

Paris, Dec 1 —The Temps publishes a dispatch from Saloniki corroborating the report that all French and British troops have retired from Serbian territory into Greece with all their supplies and with comparatively small loss of men

SAYS POWERS MUST UNITE AGAINST WAR

OSCAR STRAUS ADDRESSES COMMERCIAL CONGRESS AT CHARLESTON

NEW UNDERSTANDING NEEDED

Says Organization of League to Enforce Peace Is Only Means to Prevent Strife.

By Associated Press

Charleston, S C Dec 15—Pointing to the great war as proof that both militarists and pacifists have failed completely as protectors of peace Oscar S Straus former ambassador to Turkey declared in an address last night before the Southern Commercial Congress that there must be an international reconstruction on an entirely different basis

This world war is a distinct proof that neither pacifism without might nor might unless dominated by right can be effectual in securing a permanent peace said Mr Straus A war such as this could never have occurred the nations had the international relationship and foundations been rightfully constructed.

Three distinct methods of world organization have been developed tried and found wanting declared Mr Straus First was the dominance of nations by great world powers such as was Greece under Alexander After the Napoleonic wars he said the second method of keeping the peace was developed the system of the balance of power and of the concert of Europe under which several nations united together in offensive and defensive alliances The third arrangement was the formation of group alliances such as the triple alliance on the one side and the triple entente on the other

This dual arrangement, dividing Europe into two vast and powerful camps continued Mr Straus, "it was hoped would have the effect which is epitomized in the expression that one sword would keep the other in its scabbard But this war proves that it has had the contrary effect It has multiplied the swords on both sides it has developed militarism as never before and has piled up those crushing armaments that are today clashing against one another in the most frightful and bloodiest war in all history

Mr Straus asserted that the three methods already tried were built on false foundations They were built he said, as strongholds for war and not as strongholds for peace The maintenance of peace could be achieved only by the development of a stronger power devoted to that use

And future plan to be lasting, said Mr Straus must take into consideration the conflict between the two schools, the one holding that might makes right and the other which desires to place the entire international system upon the basis of strictly moral conceptions and in so doing reconstruct international relationship not as heretofore exclusively on the basis of war but dominantly on the basis of peace

Dominance of a single and division power having failed Mr Straus said there must be unity of power the uniting of the nations in their own interest and the placing of their united might as guardians of the rights of each national on the same principle as we constitute the power of the forty eight states as the guardians of the rights of each state

Many plans have been devised said Mr Straus, "but none in my judgment has laid a better foundation for international peace than has been adopted by the League to Enforce Peace That plan, briefly stated consists of three provisions First all justiciable questions shall be subject to an international court second, all questions that are not subject to judicial determination shall be submitted to a council of conciliation for hearing, consideration and recommendation third, the power shall use their joint forces, economic and military against any one of their number who goes to war before submitting its differences.

It is a fact we would deceive ourselves in failing to recognize, that fundamental changes in the progress of mankind have rately if ever been possible save by war and as a sequel of war The history of the nations from Armageddon to the invasion of Belgium teaches that war will not be banished until the leading and more powerful nations become civilized enough to create an organization that cannot only induce but can force resort to other means than war and that will be able to impose necessary and fundamental changes without war."

America Mr Straus said was equally concerned in the world's peace as the nations at war and must take part in the reconstruction He declared the war had revealed the fact that there cannot be one standard of morals within a nation and a different and lower standard as between nations. All the machinery that has been devised in the past for the maintenance of peace he said has been left to volunteer efforts hereafter the nations must at least put as much compelled force as has heretofore been put forth for the preparation of war

NAVAL LOSSES BY CENTRAL POWERS REPORTED TODAY

TWO BOATS MAY HAVE MET DISASTER IN BLACK SEA—ALLIED AIR CRAFT WINGED BY GERMANS IN FRANCE

BULGARS CROSS GREEK LINE

Said to Have Entered Greece Near Strumitsa — French Retreat Effected Without Any Serious Losses

By Associated Press

London Dec 15—The sinking of a German submarine off Varna in the Black Sea coast of Bulgaria and of a Turkish torpedo boat by the British in the sea of Marmora is reported by the newspaper correspondents in Athens It also is declared in the Athens advices that the Turkish cruiser Sultan Selim formerly the German warship Goeben was torpedoed in the Black Sea but not seriously damaged

Allied air craft met with disaster during raids behind the German lines in France south of Arras in Lorraine and in Baden The Germans brought down four of the raiding aeroplanes including one battle plane according to today's official statement from Berlin

According to an Athens dispatch the Greek Socialists have issued a manifesto declaring Greek neutrality should not be continued and favoring intervention on the side of the allies

A Saloniki dispatch says it is learned there on good authority that Bulgarian troops have entered Greek territory in the Strumitsa region Another dispatch says that not more than 20 000 Germans are cooperating with the Bulgarian army that has been attacking the allies The Bulgarians are estimated to have lost 5 000 killed and 1 000 wounded during the last few days

The members of the executive committee of the International Congress to Study the Basis of Durable Peace are still held up along the Swiss German frontier and no word has been received here concerning their whereabouts thus far only one member of the committee has managed to arrive at Berne, Switzerland

Reports indicate that the retreat of the French forces into Greece from southern Serbia was accomplished without any material loss in either men or supplies

The Lydia Margaret.

Beatrice Michelena and William Pike are featured in "Salvation Nell" the World Film Corporation special which is the program today at the Lydia Margaret Salvation Nell' tells a story of the lowest form of London slum life and shows through the vicissitudes of Nell the slum girl and her pals, the conditions which really exist. Through the Salvation Army Nell (Miss Michelena) is regenerated and helps Jim Platt (William Pike) her sweetheart to overcome his natural tendencies and to live an honest life The picture will be interesting as a picture of one of the most interesting types of London life.

The Gem.

Harry Mestayer and Virginia Kirtley are featured in The Bridge of Time a three part Selig drama written by Roy L McCardell In this picture the present and the past are blended into one One Ralph Kennard of a distinguished family but also somewhat of a rascal is the hero of the story His secretary Marie Waters, is a very charming girl and Ralph much attracted to her has a bogus marriage ceremony performed It is by reason of a vision which comes to Ralph of happenings in the old days, in the time of Queen Elizabeth that his manhood asserts itself and his love for Marie overcomes family pride There are two stories in one in this picture, both of them interesting

The Empress

Peer Gynt a picturization of Ibsen's most human story is to be seen today at the Empress Cyril Maude, Myrtle Stedman Herbert Standing and William Desmond are among the picture stars that are to be seen in this production

The Majestic.

The Fable of the Sorrows of the Unemployed a George Ade comedy reel, The Tiger Slayer a Selig wild animal picture and a two part Kalem The Man in Hiding are the pictures on today's Majestic bill Alice Hollister and Harry Milliarde are featured in the last named picture a synopsis of which is given

Tom Ingraham who has been rescued from the clutches of Lina, a siren, meets Ruth Knowing the marriage would please his wealthy uncle Macy, Tom makes the girl his wife Ruth soon discovers the marriage to be a loveless one

Tom's hopes of inheriting a fortune are blasted when Macy is ruined The boy meets Lina and is persuaded to desert his wife Ruth subsequently obtains a divorce her freedom coming shortly before her daughter's birth

Several years later, Ruth accepts a position in the home of Marston, a widower as governess When Marston urges her to marry him, Ruth declines telling him her story She further declares that she knows Tom will need her some day

Tom and Lina quarrel The adventuress seizes her pistol to defend herself The weapon is accidentally discharged and Lina falls in a faint Under the impression that he has killed her, Tom flees He is pursued by officers who have heard the shot In an effort to escape, the fugitive ducks into the Marston home—and comes face to face with Ruth.

Heeding the wretch's pleas, Ruth hides him in a closet and then throws the police off the track Marston returns home before Tom can emerge, His suspicions aroused by Ruth's conduct Marston investigates and discovers the man in hiding.

Ruth then reveals the circumstances telling the widower of Tom's identity His heart touched Marston allows the man to leave the house Tom however walks right into the hands of an officer outside taking Ruth in his arms, Marston again asks her to marry him

SEVEN KEYS TO BALDPATE" IS COMING NEXT MONDAY

"Seven Keys to Baldpate will be the next attraction at the Wichita Theater coming Monday December 20th This is a two-act farce by George M Cohan based on the novel of Earl Derr Biggers An advance notice says

George M Cohan's steadily advancing stagecraft is very markedly illustrated in this play of laughter and mystery which kept New York and Chicago theatergoers laughing for a long time

The play is a very cleverly constructed farce picturing with agreeable satire the possibilities of best seller writing The piece is on lines quite at variance with previous Cohan plays being in many respects the most legitimate contribution to the stage from our foremost fashioner of contemporary farce

Mr Cohan has taken the original Earl Biggers plot and adapted it quite as cleverly to his theatrical uses as he did the even more diffuse Walling ford" yarns Baldpate Inn is that lonesome of spots a mountain summer hotel in the dead of winter Here comes a novelist who has just wagered a friend that he can turn out a story of 10 000 words in twenty four hours (not so considerable a feat however as it seems—many a newspaper man has turned out that much copy in less time at a clinch) The writer apparently believes that he has the only key to the hotel and that he will be able to work uninterruptedly to a successful conclusion of his wager

The gentleman of the second part in the wager is the owner of the inn He commends the novelist to the kind offices of the carekeeper and his wife and arrangements are made for the writer's comfort Hardly has he begun to write when the curtain rises on another scene A man arrives also the possessor of a key and deposits a roll of bills in the inn safe and telephones for a confederate to come after the money in the morning The nervous novelist creeps feebly to the balcony above the lobby and hears all this then trembling comes down and demands of the stranger what he is doing in the hotel The other man bluntly asks the same question nipping the situation with gunwale eloquence But the novelist woges the harsh visitor to his room and then slams and locks the door

No sooner is this done than the inner door is unlocked again and a young woman enters And so until seven keys have been employed to admit various more or less eccentric characters At the end you know the visitors are actors from a not distant theatre stock company and there are thrills without number the author dryly remarking from time to time that the situations are very like those in his stories An epilogue reveals the author hurriedly finishing his story in time to win the wager

It is as Mr Cohan has termed it a mystery farce At the end the epilogue reveals the fact that the audience has been seeing the story that is running off the novelist's mind The author daringly tricks his audience and then finishes with a whimsical turn which gives mystery another turn It is all clever writing with a bit of satire not only on the writers of best sellers but on audiences as well The Wichita Theatre Monday, Dec 20th

BOYS' CLUB FORMED AT MEETING TUESDAY

STAATE SECRETARY OF Y M. C. A. ASSISTS IN ORZANIZATION HERE

FOLLOWS AUSTIN MEETING

Will Help Boys Along Many Lines of Work—Is to Have An Adult Leader

The first steps in the organization of a boys club at the high school which will be affiliated with the state boys work of the Y M C A were taken Tuesday afternoon when about thirty high school boys met with John L Hunter of Dallas, state Y M C A secretary of boys work Mr Hunter put the proposition of organization up to the boys after explaining what the responsibilities would be and presenting the plan for organization and course of action which would necessarily be followed by members of the club.

The decision to organize was unanimous, the boys being very enthusiastic over the prospect A nominating committee will be appointed shortly and plans for regular meetings made The club will be helpful along many lines of school life and in its weekly meetings will provide social features as a means of keeping the boys interested In addition to the club officers an adult leader, preferably a young business man interested in athletics and boy welfare, will be selected to supervise in a measure the activities of the members

This club is the outcome of the Older Boys Conference held last month in Austin, a number of boys from the local high school attending this conference These boys were interested in the work of the Older Boys to such an extent that an organization for Wichita Falls was desired This work is usually taken up under the supervision of the Y M C A secretary of the town but as that organization has no representative in Wichita Falls the work will be carried on by the boys themselves.

GEOLOGICAL SURVEY MAY BE UNDERTAKEN

GOVERNMENT PLANNING WORK IN WICHITA AND ARCHER COUNTIES

DIRECTOR EXPLAINS PURPOSE

Tells of Plans in Letter to Congressman Stephens—Will Not Start This Year

A government geological survey of Wichita and Archer counties, with a view to determining the localities where there are formations most favorable to the finding of oil and gas will probably be undertaken next year The work will follow the lines of the investigation now being made for the cities of Dallas and Fort Worth with reference to the extent of the natural gas supply in Clay county

It is probable that the counties affected will be called upon to bear a proportion of the expense, but in view of the importance of the work and the benefits which the counties receive from the oil and gas industry, it is expected that no difficulty will be encountered in meeting this expense

The matter is explained in a letter to Congressman Stephens from George Smith, director of the United State geological survey, replying to a letter from Judge Stephens on the subject This letter follows

Hon John H Stephens House of Representatives My dear Mr Stephens In reply to your letter of November 29 regarding survey in Wichita county Texas. A topographic party is now engaged in the preparation of a large scale topographic base map covering a portion of Wichita county and it is expected if funds are available to make next year, a detailed study of the structure, of the number continuity and character of the oil sands and of the oil and gas resources within the area so mapped. It is probable that if this work can be carried to completion, the geologist, in connection with the structural studies, will examine, so far as can be found practicable, other localities in the vicinity including I hope, portions of Archer county where indications may have been reported or where as result of the reconnaissance made in the field structures favorable for the presence of oil or gas pools may be thought to exist The geologic work provisionally planned in this region for next year should join with and extend the investigations still in progress of the gas resources tributary to Dallas and Fort Worth

For reasons stated in the director's letter sent to you December 9 regarding examinations near Matador, it will be, I regret to say quite impossible to begin the examinations in Wichita and Archer counties this year Very truly yours

GEO SMITH, Director

WANTS PICTURES OF SAVIOR PUT IN ALL PUBLIC PLACES

Mayor Britain Has Visitor With Unique Request—To Take It Before Council

A crank who wanted a lithograph of Jesus Christ hung on the city hall door, on the bill boards over town at every street corner and on the bar mirrors in all the saloons in the city called on Mayor Britain in his office in the First National Bank building yesterday

The man who was apparently of foreign birth, opened his proposal with the declaration that nothing around here suited him He had been here several days and didn't appear pleased with anything Mayor Britain expressed concern and asked what he wanted remedied It was then that the man made the proposal concerning the lithographs of Jesus Christ

He said the money could be taken from the taxes and that it need not cost the mayor anything personally When Mayor Britain explained that he would be unable to use the city's money in that manner the visitor became furious and for a few seconds Mayor Britain expected to see a bomb at the next move

He finally got the man out of his office The crank went right from Mayor Britain's office to the city hall where he laid the same proposition before Chief of Police Nail The latter explained that he had not authority in the matter and told the man that the city council would be the proper body to pass on the matter The man left declaring that he would lay the proposal before the city council

COOPERATIVE MEAT MARKET IS OPENED BY NEGROES

The cooperative meat market recently established by the negroes in their quarter of the city was opened last night a large crowd being present The negroes made quite a ceremony of the affair the opening taking place when a very small tar baby pressed the button that started things

Talks were made by Mayor A H Britain and Assistant County Attorney John Davenport Each spoke of the things that the negroes can do to improve conditions and encouraged them in the spirit of cooperation and working together The importance of being law abiding was mentioned by both speakers.

Taylor county has two candidates for congress—J. M. Wagstaff and Thomas L. Blanton. In order to determine who a majority of the Democrats of that county prefer as the man to make the race against Congressman Smith the chairman of the County Democratic organization has ordered a primary for Feb. 6th. Those who participate in it will not be obligated to support the candidate receiving the largest number of votes, but will be permitted to make choice between him and any other candidate for congress from any other county in the district at the July primary.

Some of the more prominent German-Americans are predicting that after the European war has been settled there will be a great exodus of German-Americans from this country owing to the anti-German feeling. And another famous writer warns us that after this war there will be an unusual number of people to leave Europe for the United States. So, let us not worry too much about losing those American citizens who by choice prefer to call themselves German-Americans instead of just plain everyday Americans if they don't like this country the next best thing under those circumstances is to do just what the prominent German-American says they will do—get out of the country and go back to the country they should have never left. It's the place for them America for Americans. And after taking the oath of allegiance every man should feel justly proud to call himself an American citizen without making use of a hyphen to designate that he was something else before becoming an American and leaving the people to guess which flag he would fight under in case his country called on him. There are no American-Germans in Germany When they lan dover there, they are either Germans or Americans. It ought to be that way over here.

The state tax rate will be about double what it was last year. The property owner, if he has not already discovered this fact will be enlightened when he goes to pay his taxes in January. Some members of the legislature are blaming Governor Ferguson with the high tax rate, but as we see it, the governor is not so much to blame, unless it be that he took the legislature too seriously. That body enacted a lot of foolish and unwise, as well as unnecessary laws, and in order to put them to work it was necessary to increase the State tax rate. Perhaps it would have been best for Governor Ferguson to have done as some members of the legislature expected that he would; trim down the appropriations about two million dollars by vetoing a good lot of the unwise and unnecessary legislation. But is the governor is to be criticized at all, unless for having taken the legislature too seriously

ALTGELD WROTE THIS ONE FOR US.

Governor Altgeld of Illinois is better understood by most of us today than he was in his lifetime—though some of us were keen enough to appreciate his qualities then—Minister to Belgium Brand Whitlock, for one This year Secretary of State Woods of Illinois places in his "Blue Book" Governor Altgeld's message to young men—a ringing invitation to service and ideals:

"Young men, life is before you Two voices are calling you—one coming from the swamps of selfishness and force, where success means death, and the other from the hilltops of justice and progress, where even failure brings glory. Two lights are seen in your horizon—one the fast fading marsh light of power, and the other the slowly rising sun of human brotherhood. Two ways lie open before you—one leading to an ever lower and lower plain, where are heard the cries of despair and the curses of the poor, where manhood shrivels and possession rots down tthe possessor; and the other leading off to the highlands of the morning, where are heard the glad shouts of humanity and where honest effort is rewarded with immorality"—Collier's Weekly

INTERESTING SESSION OF ROTARY CLUB TODAY

Although business duties kept away a number of the members, today's meeting of the Rotary Club was fully up to the usual standard of enjoyment, a fried chicken dinner at the Metropolitan being partaken of. The principal speaker was Dr. F F. Brown, who told the Rotarians a number of instructive facts about the dental profession, its history and the various forms of treatment Denistry was formerly performed by barbers, he said, but in the past century has come to be a distinct profession, with about 50,000 members in the United States

Those present today were: Messrs. McFall, Scharff, Bradley, Hartsook, Mysinger, Martin, Shaw, Hendricks, Stevens, Smock, Roberts, Robb, Stayton, Stokes, Auld, May, Allingham of Vernon, Harvey of Newcastle, Shelton, Lee, Bachman, Maxwell, Carter, Maer, Traylor, Fields, Berry, Conn, Talbot, Jones, McGlamery, Carrigan, Noble, Brown, Walters, Bacon, Arnold, Keith, Colonna, McGregor, Marcus, Gould, Robertson and Jones.

Mr. Colonna, who attended a luncheon by the Rotary club in Fort Worth last week, gave an interesting report of the session there.

The prize for today's meeting, a month's service by the Wichita Tailoring & Pressing company, was won by Harry May. Mayor A. H. Britain is to be the speaker at next week's session of the club.

HOSPITAL RECEIPTS ALREADY EXCEEDING EXPENDITURES

Receipts exceeded expenditures for the first two weeks of operation of the Wichita General Hospital, and this very gratifying showing is a matter of considerable pride among those in charge of the institution The first report of operations, just filed, shows total receipts of $803,63 and expenditures of $583,28, a profit of $220,35. The receipts include $150 from the city and county, but this is largely offset by expenditures for supplies and other things incidental to the opening of the institution.

It had been expected that some months would elapse before the hospital met expenses, this being the experience of similar institutions elsewhere, consequently city and county officials are much pleased with the showing made.

Charity patients have been comparatively few so far, but those received have been given the best attention possible. The hospital has been full almost to its capacity practically since the day it opened.

Market Report

New York Cotton.

By Associated Press.

New York, Dec. 15—The cotton market was less active early today and showed rather a steadier tone owing to the smaller volume of offerings after the liquidation of the past several days, steady Liverpool cables and reports that southern holders were refusing to sell at the decline. After opening at an advance of two to six points, prices eased back to about last night's closing figures under further Wall street and commission house liquidation, but Liverpool was a moderate buyer and there was also little demand for near months from spot interests and the market soon steadied again. January advanced from 12.04 to 12.10, March from 12.28 to 12.35, and May from 12.50 to 12.56, with active months about six or seven points net higher.

Chicago Grain.

By Associated Press.

Chicago, Dec 15—Storms in Argentina had a bullish effect today on the wheat market here, but not of the lasting sort Latest reports said Argentine crop conditions were very good, except in the north Besides word of the cancellation of some European orders for wheat and flour at the United States seaboard counted against the bulls After opening ¼@⅝ to ⅝ higher with December at 1.16¾ to 1.16⅞ and May at 1.17⅝ to ⅞, prices here scored a slight further gain and then reacted to about yesterday's finish Unsettled weather made the corn market firm; smallness of receipts here tended also to hamper bears Opening prices which ranged from ¼ to ⅝ higher were followed by moderate additional upturns. Oats held steady within narrow limits either way from yesterday's close, trading was of a local character.

OIL FIELD ACTIVITY IS STILL INCREASING

EFFECT OF RECENT ADVANCES IN PRICE SEEN IN OPERATIONS.

OVER 100 RIGS AND LOCATIONS

Present Price Higher By Fifteen Cents Than Best Heretofore Known In the Field.

With oil worth $1.20 per barrel, there are now 108 rigs, locations and drilling wells in the Northwest Texas field, which is witnessing greater activity than at any time in two years. The number of rigs in operation may be appreciated when it is considered that last July, before the price of oil began its steady upward climb, there were less than a dozen rigs in the entire field. Since oil began to advance a number of wells have been completed, adding several thousand barrels to the daily production, and land owners whose royalty checks had dwindled to a negligible figure are now receiving very substantial payments.

There are now 71 rigs in operation, 23 rigs up but not drilling, and fourteen locations for new wells to be started shortly. These are distributed as follows

Electra—drilling wells, Red River Oil Company 3, Corsicana Petroleum Company 7, Producers 18, miscellaneous 5, total 33; rigs, Producers 8, Corsicana 2, miscellaneous 4, total 14; locations, Producers 5, miscellaneous 5.

Burkburnett—drilling wells, Producers 5, Corsicana 5, McBride 3, Gulf Production Company 2, Cline 2, Clint Wood et al 4, miscellaneous 5, total 26, rigs, Corsicana 4, Producers 1, miscellaneous 4, total 9; locations, Corsicana 3, independent 1, total 4.

Iowa Park—four drilling wells.

Petrolia—drilling wells 3, miscellaneous 3; ocations, Producers 1, Wichita Oil & Gas Company 1.

Hundreds of drillers, tool dressers and other workmen who had moved away from this section when times became dull, have returned, and as a result conditions have improved greatly at Electra, Iowa Park, Burkburnett and Petrolia, where most of the field forces reside. The benefit which Wichita Falls receives, though indirect to a large extent, is tremendous, and has had a marked effect upon local business conditions.

The present price for oil is fifteen cents higher than was ever known in this territory before, $1.05 being the previous high water mark. Not long ago when dollar oil again became a reality, oil men expected that the old figure would soon be equalled but no one expected that such a Christmas present as a fifteen cent raise would be forthcoming.

Local oil men predict that if the European war continues for any considerable period, prices will go still higher, but none of them are inclined to be selfish about it, feeling that a gain of 167 per cent in price in less than six months is sufficient unto itself.

The steady advance in the price of oil, which has taken place in the eastern field and the Indiana Ohio district as well as in the west and south, is attributed largely to the tremendous export business, the warring nations taking a large part of the output of American refineries

$100,000 ESTATE INVOLVED IN PROBATE COURT HEARING

Two Applications for Appointment as Executor of the Van Cleave Property Heard.

County Judge Harvey Harris, sitting as probate judge, is hearing today the applications of C. A. Walling of Burkburnett and J. C. Pepper of Henry county, Missouri, for appointment as executor of the estate of A J. VanCleave deceased. Both have applied for appointment as executor and are pushing their claims vigorously.

Mr. VanCleave died about two years ago leaving an estate valued at about $100,000 comprised chiefly of 1100 acres of land near Burkburnett and 1280 acres of land in Hansford county, Texas. In his will he made his son, John VanCleave, a minor, his sole beneficiary and named Edmund Newell, the beneficiary's grandfather as executor, the will providing that in case of Mr. Newell's death or failure to qualify as executor that J. C. Pepper should be appointed. Mr. Newell died after qualifying as executor, but Mr. Pepper failed to qualify by making the necessary application here. C. A Walling, father-in-law of Mr. VanCleave, the beneficiary made application as temporary executor and later filed application for permanent executor. In the meantime Mr. Pepper filed his application, claiming in his petition that he had taken up the management of the affairs of the estate upon Mr. Newell's death and had been so busy that he had failed to make the necessary application. Mr Pepper is now sheriff of Henry county, Missouri and is an uncle of the beneficiary.

A number of Burkburnett citizens were here today to attend the hearing. Among the number were Ben Schwegler, W. C. Myers, C. Schmocker, John VanCleave, the beneficiary, W. L. Morris, J. A. Staley, W. T. Willis, R E. Shepherd, M. L. Allday, Forest Riggsby, Mr. and Mrs. Guy Willis, Mrs W C. Myers, W. T. Hawkins, Dr. H. H Lewis, Early Dutton, J. M Duckworth and C. A. Walling.

AFTER SIX YEARS.

Wichita Falls Testimony Remains Unshaken.

Time is the best test of truth. Here is a Wichita Falls story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. G. A. Swope, 612 Burnett St., Wichita Falls, says: "For the past two years, I suffered terribly at times from my kidneys. The kidney secretions were very unnatural and I suffered constantly from weakness across my back. Hearing about Doan's Kidney Pills being so good for such troubles, I got a box from the Wichita Drug House. They quickly brought relief and showed that they were a fine kidney medicine. I feel much better now than I have for a long time." (Statement given June 16th, 1908).

A Later Statement.

On April 3, 1915, Mrs. Swope said: "I have recommended Doan's Kidney Pills on several occasions and I am justified in doing so, as they have cured me of kidney complaint."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs Swope had. Foster-Milburn Co., Props., Buffalo, N. Y.

OLD SETTLERS TO PERFECT ORGANIZATIONS SATURDAY

A second meeting of the Wichita County Old Settlers' Association will be held at Iowa Park Saturday afternoon at which the organization of the association will be perfected. Dr J F. Reed of this city who was chosen chairman of the association at the meeting held at Iowa Park two weeks ago, announces that Hon. P. B Cox will deliver an address at the meeting next Saturday.

Austin, Texas, Dec. 15.—A number of Texas cities says Dr. W. A. Davis, state registrar of vital statistics, within a short time will have reached a degree of efficiency in making reports of vital statistics as to come up to the standards required by the federal census bureau. A marked improvement is shown in these reports which is the result, it is said, of the state board of health making new regulations

SAYS NORTHWEST TEXAS IS ENJOYING PROSPERITY

By Associated Press

Austin, Texas, Dec. 15.—That portion of the Panhandle of Texas embracing western and northwestern Texas is now enjoying the greatest prosperity in its history according to J. T. Robison, Texas land commissioner, who has returned from an extensive trip in that territory. The grain crop, Mr. Robison says, was the largest ever produced there and there has been a tremendous increase in livestock values. Sheep he says are shearing unusually well and increased prices. One Angora goat recently produced 68 pounds of wool, which was sold at from $5 to $10 a pound, according to the land commissioner.

We Did Not Buy Them Made-In-Texas

We got them from good old matter-of-fact Missouri and we can show you that they are first-class in every respect. We are talking about—

HAMS AND BREAKFAST BACON

Local freight had to be paid from St. Louis and still we are selling these goods, packed from grain fed stock, sugar cured, and if they do not please you, we will return your money, for a price not exceeding what you are in the habit of paying for the meats packed by Texas Packers. .

OUR JUSTIFICATION IS—

That the local freight from St. Louis does not appear to us to be as high as the tax imposed by our home institutions which they no doubt consider our proportionate part of the penalties that they are required to pay for violation of Texas laws. We think a law abiding Missourian is as much an American as a law breaking Texan and then some. Americans in 1776 did not submit to unjust taxation—will they in 1915?

IN YOUR OPINION IF WE ARE RIGHT—

We ask that you call and inspect these goods as long as they last, and we have more coming from Missouri, if the "Big Ones" don't dam up the branch of our supply.

WE SELL GROCERIES AND SELL THEM RIGHT AT THE—

REPLACE EMBARGO ON FREIGHT CARS FOR MEXICO

By Associated Press

Laredo Texas Dec 1 An embargo was again placed on freight cars entering Mexico except under bond by the International & Great Northern Railway The previous embargo which had been in force more than a year was raised two weeks ago but according to announcements here other railroads refused to conform in the action the International & Great Northern and the replacing of the order against permitting American freight cars to go into Mexico unless protected by a $100 bond became necessary

IOWA PARK MAN HELPS RECOVER STOLEN HORSE

Locke Lowrance of Iowa Park was in town at the court house yesterday and while there saw a card in the sheriff's office describing a horse stolen near Altus December 4th On his return home yesterday morning he was riding a horse towards town that answered the description He went to the nearest telephone and notified Deputy Sheriff Bob McCall who rode out and arrested the negro The sheriff at Altus was notified and came down last night and took the negro to Altus The horse is said to belong to a prominent stock farmer near Altus and is said to have strayed from the Oklahoma penitentiary farm

YOUR HOLIDAY SPIRIT

Should extend to the long forgotten graves you have neglected Our $5 00 headstones which we are furnishing to our patrons are worth more than all the flowers you could ever heap upon them.

You Better Speak Quick for A Victrola for Xmas

The unprecedented demand has made them hard to get, and our stock is running very low, with but little prospect of receiving any more until after the holidays. At present we have one $250 electric, one $300 instrument, one $75 instrument, and several $50, $25 and $15 instruments. We also have one $50 Columbia Grafanola. There should be a Victrola in your home this Christmas. We dare say you will agree with us that there is no other instrument in the world that will bring as much pleasure into the home—pleasure for every member of the family and every friend that calls at your home—as the Victrola. With it you have an entertainment by the world's best performers any time you wish it, or you have music—for the newest dance steps at any time you wish to entertain your friends with an informal dance. They are sold on easy terms, so that if you want one for Christmas, a small payment will put it in your home and you can use it while you are paying for it.
